TELECOMMUNICATIONS

IN THE MATTER OF THE JOINT APPLICATION OF
VERIZON NEW JERSEY INC. AND STERLING
TELECOM, INC. FOR APPROVAL OF AN ADOPTION
OF AN INTERCONNECTION AGREEMENT UNDER
SECTION 252 OF THE TELECOMMUNICATIONS
ACT OF 1996

ORDER APPROVING
INTERCONNECTION
AGREEMENT

DOCKET NO. TO05121064

(SERVICE LIST ATTACHED)

BY THE BOARD:

By letter dated December 22, 2005, Verizon New Jersey Inc. ("Verizon"), and Sterling Telecom, Inc. ("Sterling") jointly, "the Parties", pursuant to Section 252(e) of the Telecommunications Act of 1996, P.L. 104-104, 110 Stat. 56 (codified in scattered sections of 47 U.S.C. §151 et seq.) ("the Act"), submitted to the Board of Public Utilities ("Board") a joint application ("Application") for approval of a certain negotiated interconnection agreement dated September 16, 2005 ("the Agreement").

Sterling has exercised its rights under Section 252(i) of the Act to opt into an interconnection agreement between Verizon and Master Call Communications, Inc., which was previously approved by the Board. See Order, TO05080721 dated (November 14, 2005).

The Agreement sets forth the terms, conditions, and prices under which Verizon will offer and provide access to unbundled network elements, ancillary services, and wholesale telecommunications services available for resale to Sterling. The Agreement is in effect until August 1, 2007 and thereafter, as noted in the Agreement, continues in full force and effect unless terminated as provided in the Agreement.

Pursuant to 47 U.S.C. §252(a)(1), an incumbent LEC may negotiate and enter into a binding interconnection agreement with a carrier requesting interconnection, service, or network elements. In addition, 47 U.S.C. §252(e)(1) requires approval by the Board of any interconnection agreement adopted by negotiation or arbitration, and further requires the Board to approve or reject the Agreement, with written findings as to any deficiencies. The Act provides that the Board may reject a negotiated agreement only if it finds that: (i) the agreement (or portion thereof) discriminates against a telecommunications carrier not a party to the agreement; or (ii) the implementation of such agreement or portion thereof is not consistent with the public interest, convenience, and necessity. [47 U.S.C. §252(e)(2)(A)].

The Board's review of the Agreement and the record in this matter indicate that the Agreement is consistent with the public interest, convenience, and necessity, and that the Agreement does not discriminate against telecommunications carriers not parties to the Agreement. Therefore, the Board FINDS that the Agreement meets the standards set forth in the Act, and HEREBY APPROVES the Agreement as presented by the Parties. This approval should not be construed as preapproval of any future petitions for rate recovery of costs incurred pursuant to the Agreement, nor shall the Board be bound by any provisions within the Agreement regarding the confidentiality of information.

The Board notes that amendments or modifications to Board-approved interconnection agreements are subject to Board review and approval. No agreement shall be read, nor does the Board believe the Parties to the Agreement intend that it be read, to limit the authority of the Board under Section 252(e) of the Act to review interconnection agreements. Accordingly, until and unless otherwise provided by the Board, subsequent amendments or modifications to the Agreement approved herein shall be subject to review and approval by the Board.
